

W1 QUICK DETAILER

Description:

W1 Quick Detailer by Innovacar is the **super scented quick cleaner that does not leave streaks, with protective and polishing properties for cars, ideal for a quick finish.** It is the quick finish solution for cars.

It can be used:

- on a dry car, for a car that is always perfect;
- on a wet car, becoming a valid aid in the drying stage;
- when cleaning the interior plastic parts, thereby actually turning it into a highly versatile and effective product.

In detail, it is a **quick detailer for cars** with the following features:

- **It cleans, polishes and protects:** W1 is a latest generation quick detailer that satisfies the needs for a quick solution that is easy to use, by combining cleaning performance with polish and protection of the exterior and interior;
- **Forget about halos:** the excellence formula allows it to be used, even in abundance, without creating halos compared to the average quick detailer on the market;
- **Black orchid scent:** the product releases an appealing and enveloping floral scent;
- **It respects the applied nanotechnologies:** its formula is designed not to damage nanotechnological, sealant, ceramic and wax layers;
- **Gloss and colour depth with silk effect:** it provides gloss and brightens colours, leaving the bodywork smooth;
- **It eliminates traces of limescale and streaks:** it is the ideal product to apply in the drying stage to fight the formation of limescale traces or during the finishing stage to fight streaking;
- **Uniforming and finishing agent:** this is a valid aid for traces of freshly applied sealants or coatings, as it evens out the treated surface;
- **Water-repellence:** this is able to create a water-repellent coating against liquids that increases the effects of sheeting and beading.

Directions for use:

How to finish the car with W1 Quick Detailer:

1. Apply 2-3 sprays directly on the dry or wet surface, or on a micro-fibre cloth for the exterior.
2. Rub the micro-fibre cloth over the surface being treated.
3. Once it is applied, turn the micro-fibre cloth over to the side without product (or continue with another clean cloth) and proceed with finishing the treated area.
4. Wait up to 7 hours for full activation.

Use: use the product undiluted.

Precautions: do not allow the product to dry and do not apply it in the sun and on hot surfaces.

Caution:

Observe the advice on the safety data sheet when handling the product.
